How concerns are handled

Of parents who raised a concern, 97% felt it was handled properly.

Bullying

Of parents who say bullying has occurred, 90% feel it was dealt with quickly and effectively.

SEND

Of parents who said their child has SEND, 95% feel they receive the support they need to succeed.

I strongly believe that my kids have been looked after with care and the teachers have also shown empathy which as a parent, I am happy about.

We are from different countries but in this school we don't feel like that because all the teachers and head teachers are always there for help.

Our children love the school and we are grateful for the dedication of the staff who educate and take care of our children

My children are very happy and progressing very well at this school! Super proud and happy

I love how confident my children have become. I attribute this to empowerment by the school.

I cannot recommend the school highly enough - my children are happy, engaged and learning well. They love coming school, which is the biggest recommendation I can make. I also find the wider school activities and PTFA fantastic and feel so optimistic on the future of Grange.

Thank you for your continued support. We value your voice and partnership.

BE GREAT, BE GRANGE!
