

## **Sports Report – Tag rugby festival**

On tag rugby day I went to a club in Stanmore with other children from my school.

In total we played 6 matches and I scored in 5 of them. In one of them I scored twice and I felt great. At the beginning the organiser said there are no winners or losers because it's the first time many people had played, although I have played for 5 years.

Tyrece slipped every single time he got the ball and Stella slipped backwards and laughed in mid-air. One team we called The Doughnuts because we did not know their name. One girl we called the Sprinkly Doughnut because she was bossy and the boss always needs something different. It was a fun day.
