LI: To act out a scene using direct speech

Lesson outcomes

- Use knowledge of direct speech to write a scene from your own life involving two or more people talking to each other

Task

With a partner of your choice, act out a scene from your own life where two or more people have been speaking to each other. If you feel confident, write it down using direct speech punctuation.

E.g.:

“Can I have a cucumber please?” said Rishav.

“Sure, here you go,” said Miss Punatar.

“Thank you,” said Rishav.
