

LI: To learn about Thomas Alva Edison and his invention of the light bulb

1) Watch this video on Youtube →

<https://www.youtube.com/watch?v=XWWgDn0C6DA>

2) Now, YOU get to invent something new! Follow the steps below:

1. What do you want to invent?
2. What would you name your invention?
3. What does your invention do? What is the problem you hope to solve with your invention?
4. How does your invention make life better or more convenient?
5. Who would use this product? (Ex: Nurses, Teachers, Businesses etc.)
6. What descriptive words would you use to describe this product? Write 3 below. (Ex: exciting, new, wonderful, cutting-edge, etc.)
7. Now draw a picture of your invention and label any parts that need to be labelled.
