

20th November 2020

Dear Parents and Carers,

To keep classrooms as safe as possible, we are making a few changes to classrooms.

<p>We will be opening up classroom windows and doors more often to allow the air to move through each room.</p>	
<p>The heating is turned on across the school, but the classrooms may be a little colder than usual.</p>	
<p>Please provide your child with an additional jumper or fleece to wear in class.</p>	
<p>Please make sure children have a jacket and hats, scarves and gloves in colder weather.</p>	
<p>Another huge thank you to everyone who continues to wear a face mask when dropping off or collection your child/children.</p>	

Thank you for your continued support during these challenging times.

Yours sincerely

Mr R Rasheed
Assistant Headteacher
