Dear Parents /Carers

Parking and Safety Reminder

We are writing to you following an incident involving inconsiderate parking and our neighbour. We are aware that all schools have parking issues during these times of the day but could we remind you to only park where you are permitted to and please take extra care and consideration of those around you when you are parking. It is unacceptable to argue with, threaten members of our local community and use abusive language towards them. This is a negative reflection on our school. We want to be good neighbours.

It is an offence to park on private properties and if members of the public ask you to move from their private residence please do so, or better still don't park there in the first place. Some of our local residents are vulnerable and may need urgent access to and from their homes.

May we also ask all parents and carers to please keep the children away from the parked cars in the staff car park area when leaving the school at the end of the day.

Thank you for your continued support to help us be proud of our school.

Yours sincerely

D Kerbel
Headteacher
