

## Knowledge Organiser

Year Group	Subject	Topic
1	History	Significant events from the past - Cave people

### The Big Picture

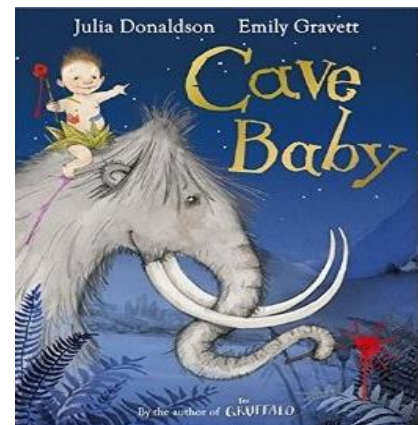

Our world started millions of years ago. People had different lives compared to now and even lived in very different kinds of places. This term we will be learning about the origins of human civilisation, we will investigate how life has changed by looking at where cave people lived and where we live. We will also read 'Cave Baby' by Julia Donaldson to help us learn about cave men and women and extinct animals.

### Enquiry Question

How did the first humans live millions of years ago?  
 Do we live how people in caves live?  
 How has life changed for humans?  
 What does extinct mean?  
 What animals are now extinct?

### Key Vocabulary
